

LEICESTER'S **BEST EMPLOYERS**

GIVE THE PERK OF TENNIS

An Amazing Employee Perk

Why Tennis?

Playing tennis has many positives; it improves your balance and stamina, tones your muscles, and helps you lose weight. It has also been proven to improve mental health and even lower the risk of heart attack! More and more businesses are putting an emphasis on their employee's wellbeing, both mentally and physically, and our tennis club is a place where both are taken care of. Tennis is an inclusive sport, suitable for all ages and abilities, so no matter your skill level, you can always find a suitable opponent.

Our Clubhouse

We offer some of the best facilities in the East Midlands with plenty of playing opportunities and a friendly, welcoming club environment. We have 18 tennis courts which include 1 hard court, 3 savannah and 14 artificial clay. Our clubhouse, built in 1931, incorporates a panoramic view of our show courts and is the perfect place to relax and unwind after time on court. With food and drinks available, it makes for a great environment for morning coffee or midday business meetings. Our fully staffed bar also serves as a nice place to network in the evenings.

"I don't know if my staff even know how to play"

Don't worry if this sounds familiar. We all have to start somewhere and luckily we have a team of 6 LTA Accredited tennis coaches ready and waiting to get your employees on the court. With packages available for both group coaching and one to one coaching, they'll be playing in no time. For those who are more skilled with a tennis racket, we have regular events for them to take part in such as our club night, tournaments, matches and socials.

FAQs

How much does it cost?

- Packages are tailored to the individual needs of your business and can be priced accordingly.
