

PERSONAL DEVICE ACCEPTABLE

USE AND SECURITY AT LEICESTERSHIRE TENNIS AND SQUASH CLUB

Policy for using personally owned wireless and/or portable electronic handheld equipment at Leicestershire Tennis and Squash Club.

Agreed by the committee October 2025

Acceptable use of personal devices must be managed to ensure that other members and users of the club are safe from fire started by overheating devices, trip hazards caused by trailing electrical leads and unacceptable content. Unaccompanied devices may be stolen, compromise confidentiality or may be considered suspicious.

Examples of devices:

- Laptops. Notebooks, and hybrid devices
- Tablets
- Mobile/cellular phones including smartphones

This policy applies to all members, employees, coaches and contractors.

Users should ensure their devices are in acceptable working condition and are in supervised use at all times. If the device is using a charging lead or other lead, users must ensure they do not cause a trip hazard to others.

No inappropriate material should be viewed on the club site.

Employers and other members should remain vigilant and address/report any unsafe use of personal devices.
